Valin Named to Industrial Distribution's Top 50 List

San Jose, Calif. (September 2014)— Valin Corporation, a privately held, employee-owned company providing technical solutions for the technology, energy, life sciences, natural resources, and transportation industries has been ranked 44 on the Industrial Top 50 List. This list recognizes the industrial market's 50 largest global distributors. This is the second straight year Valin has made the prestigious list.

"It feels great to once again be included on the Industrial Distribution Top 50 list," said Joe Nettemeyer, President and CEO Valin Corporation. "We've spent a considerable amount of time improving our expertise in a variety of fields to better provide the value-add solutions we're now proud to be known for."

Valin's acquisition of Disco Associates along with the company's merger with Lang Engineering were pivotal moves the Valin made that led it its inclusion on this list. The added expertise is in line with Valin's vision to be an open, adaptive workplace designed to deliver the very best customer service to its customers. Valin's professional engineers hold over 150 years of expertise in process heating, controls and automation valves, instrumentation, filtration, and motion control applications.

"It is always a goal of ours to be included on this list," continued Nettemeyer. "Over the past twelve months, our team has continued its hard work to provide the very best in terms of technical solutions we provide. When Valin is honored by being named to these kinds of lists, it shows all of our hard work is paying off."
