**Valin Corporation Identified as a 2014 Modern Distribution Management Market Leader**

**San Jose, Calif.** (September 2014)— Valin Corporation, a privately held, employee-owned company providing technical solutions for the technology, energy, life sciences, natural resources, and transportation industries was recently ranked No. 38 on Modern Distribution Management's 2014 Top Industrial Distributors list. This list identifies the top 40 distributors by revenue in industrial distribution. Modern Distribution Management is the leading information source for independent distribution channels.

"We're incredibly honored to be a part of this influential list," said Joe Nettemeyer, President and CEO Valin Corporation. "Our goal is to continue to grow and innovate so that we can continue to be a market leader and trend setter. The Valin team works hard to make these recognitions possible."

The list was released in conjunction with the [2014 Distribution Trends Report](#), which is available to MDM premium subscribers. The trends report provides an in-depth look at the key trends, opportunities and challenges facing wholesaler-distributors across distribution sectors.

Data was collected from companies, public filings and news releases. For private companies who did not provide their revenue data, the MDM editorial staff estimated rankings based on past reported revenues, average revenue declines within the sectors, data from economic reports and conversations with industry experts.
