Valin is your single source solution provider for all of your Bio Technology needs

What we deliver...

Valin Corporation is your total solution provider of process valves, instrumentation, filtration, heating, controls and automation products. We understand your industry and needs for improved time-to-market, meeting regulatory approvals & validations, covering health & safety concerns, and reducing waste. Our technical knowledge and market expertise, matched with our value-added service capabilities, makes us the comprehensive solution provider for the Bio Technology Industry.

Professional Application Engineers

- Troubleshooting
- Process specification
- Product selection
- Design solutions

Personalized Order Management

- Live assistance
- Customized inventory management
- Online order processing
- Automatic order status notification

Comprehensive Training Programs

- Certified trainers
- Hands-on product & software workshops
- Custom training classes
- On-site lunch & learns

Testimonial

"Valin upgraded an HMI screen and specified Bosch Rexroth aluminum framing on one of our new systems to improve the product and reduce costs. They also helped us specify the best motor for one of our larger customers. We are very happy with their service."

Andy Garcia
