FOR IMMEDIATE RELEASE

Valin Corporation to be Featured on *The Discovery Channel*
Valin's custom solutions showcased on upcoming episode of Innovations

San Jose, Calif. (June 2014)— Valin Corporation, a privately held, employee-owned company providing technical solutions for the technology, energy, life sciences, natural resources, and transportation industries, announces it will be featured on an upcoming episode of *Innovations*, hosted by Ed Begley, Jr. on the Discovery Channel. With cutting edge content and award winning producers, *Innovations* features issues that impact both national and international audiences. The episode is scheduled to air July 10, 2014.

The program will feature Valin and showcase the company's unique engineered solutions that have helped industries improve efficiency through leading technologies. Valin's engineered systems provide advanced, customizable solutions that empower customers to improve productivity. The episode will also highlight Valin's design philosophy, and how it helps create more efficient systems, minimizing downtime and simplifying complex processes.

"We are so honored and excited to be selected to appear on *Innovations*," said Joe Nettemeyer, President and CEO of Valin Corporation. "This kind of recognition is a testament to the hard work the entire team at Valin has put in over the years, and how much we've been able to help our customer's improve their efficiency. With the kind of visibility that this program will offer, a much wider audience can now be educated about our custom technical solutions."

The episode will also concentrate on Valin's innovative business model. The company has found success by leveraging each individual's expertise to create knowledge centers. This has helped them grow into the turn-key solutions provider they are today.
