

# Petroleum Refining Solutions

**VALIN**

Process Control Valves

Industrial Control Valves

Strainers/Bag/Cartridge Filter Housings

Liquid and Gas Coalescers/Separators

Media Filters

Oil Reclaimers and Filters

Valve Communications

Industrial Networking

Double Block and Bleed Valves/Manifolds

Air Filters

Analyzer/Sample Filters

Replacement Cartridges/Bags

Analytical Systems

Explosion-Proof Signal Lights

Compressed Air Filters

Temperature Controller

Pressure Switches

Instrumentation Valves and Fittings

Regulators

Sample Cylinders

Industrial Pressure Gauges

Cabinet Dryers

Thermowells

D/P, Level, Temp Transmitters, Vortex Meters

Heat Trace

Large-Tank Heaters

Circulation Heaters

Steam Superheaters

Pre-Insulated Bundled Tubing

Operate more efficiently, safely, and effectively with improved technology utilization and increased reliability

# Delivering Plant Efficiency

Valin offers automation and process technologies that enable refiners to achieve new levels of safe, optimal performance in key operational areas. We combine superior products and technology with industry-specific engineering, consulting, project management, and maintenance services to become your comprehensive solution provider.

## Professional Application Engineers

- Troubleshooting
- Process specification
- Product selection
- Design solutions

## Personalized Order Management

- Live assistance
- Customized inventory management
- Online order processing
- Automatic order status notification

## Comprehensive Training Programs

- Certified trainers
- Hands-on product & software workshops
- Custom training classes
- On-site lunch & learns

### Testimonial

*"Valin filtration experts helped us identify areas within our plant that were operating inefficiently. They showed us how to increase our filtration efficiency while decreasing our servicing costs. After we implemented Valin's recommendations we noticed an immediate cost savings within our maintenance budget. Valin is always very attentive and helpful and we appreciate the local support."*

*The Reliability Engineering Team  
Chevron Refinery - Richmond, CA*
