Integrated Process Control and Automation Solutions

What we deliver...

Valin Corporation is your total solution provider of process valves, instrumentation, filtration, heating, controls and automation products. We understand your industry and needs for improved time to market and achieving operational excellence. Our technical knowledge and market expertise, matched with our value-added service capabilities, makes us the comprehensive solution provider for the Semiconductor Industry.

ISO 9001 Certified

Professional Application Engineers

- Troubleshooting
- Process specification
- Product selection
- Design solutions

Personalized Order Management

- Live assistance
- Customized inventory management
- Online order processing
- Automatic order status notification

Comprehensive Training Programs

- Certified trainers
- Hands-on product & software workshops
- Custom training classes
- On-site lunch & learns

Testimonial

"Valin helped us redesign our motion control system, significantly reducing the number of different motor & cable part numbers. This reduced our overall system cost and greatly simplified maintenance for our customers."
