FOR IMMEDIATE RELEASE

Valin Named to Industrial Distribution's Big 50 List

Technical Solutions provider makes list for the fourth year in a row

San Jose, Calif. (October 2015)— Valin Corporation, a privately held, employee-owned company providing technical solutions for the technology, energy, life sciences, natural resources, and transportation industries was ranked 46 on the Industrial Distribution Big 50 List. This list recognizes the industrial market's 50 largest global distributors based on revenue. This is the fourth straight year the technical solution provider is named to this prestigious list.

"We're very excited to once again be named to the Industrial Distribution Top 50 list," said Joe Nettemeyer, President and CEO Valin Corporation. "We've put much time and resources this past year into listening to our customers and have continually made improvement in how we serve their needs."

Valin's team of professional application engineers can speed a project from design through prototype and into production significantly faster. The company also prides itself on becoming an extension of the customer's design team, allowing the customer to ultimately continue to focus on core competencies.

The Big 50 companies are ranked according to 2014 total worldwide sales. Valin is focused on an open, adaptive workplace designed to deliver the very best customer service to its customers. Valin continues to grow organically and consistently through key acquisitions and bolstering their intellectual capital.
