# Integrated Process Control and Automation Solutions

## What we deliver...

Valin Corporation is your total solution provider of process valves, instrumentation, filtration, heating, controls and automation products. We understand your industry and needs for minimizing downtime and meeting regulation approvals. Our technical knowledge and market expertise, matched with our value-added service capabilities, makes us the comprehensive solution provider for the Transportation Industry.

## ISO 9001 Certified

### Professional Application Engineers

- Troubleshooting
- Process specification
- Product selection
- Design solutions

### Personalized Order Management

- Live assistance
- Customized inventory management
- Online order processing
- Automatic order status notification

### Comprehensive Training Programs

- Certified trainers
- Hands-on product & software workshops
- Custom training classes
- On-site lunch & learns

### Testimonial

*"We needed to pull all kinds of production data from a diverse array of control products throughout our manufacturing facility. The application engineers at Valin showed us how easy it was to use Serial to Ethernet products to pull real-time data from our manufacturing processes. We are now able to make solid business decisions based on having all of the right production data at our fingertips."*

*Dan Sparks  
Facilities Maintenance Manager  
Transportation Manufacturer*
