FOR IMMEDIATE RELEASE

Valin Partners with O’Brien to Offer Heat Transfer, Insulation and Enclosure Solutions to Customers
Technical solutions giant adds to robust product offering

San Jose, Calif. (Jan. 27, 2022) — Valin Corporation, a privately held, employee-owned company providing technical solutions for the technology, energy, life sciences, natural resources, and transportation industries has partnered with AMETEK’s O’Brien business (part of their Thermal Process Management business unit) to stock and offer its tubing bundle, enclosure and insulation product lines to Valin’s customer base. The announcement further reinforces Valin’s reputation of offering top tier solutions in the industry.

O’Brien’s instrument enclosure protection and tubing bundle solutions are designed to protect temperature, sensing and analytical sampling critical for process in the petrochemical, refining, pulp & paper and power generation industries.

Valin’s foothold in California along with the strength of its relationships in the refining, oil & gas, and power generation markets make this partnership attractive to O’Brien. Coupling the geographic advantage with its vast knowledge and expertise around process heat, instrumentation, valves and filtration Valin is uniquely positioned to provide off-the-shelf and custom solutions.

“O’Brien/ AMETEK recently partnered with Valin Corporation focusing on the Oil, Gas, Power Generation and Industrial markets for the state of California. We are excited to extend our support network and believe Valin has the commitment, infrastructure and personnel to help us solve our customers’ most difficult thermal problems.

Valin is a natural fit to aid clients with their analytical, instrumentation, and mechanical projects. They will carry stock and supply O’Brien instrument enclosures, stands, and tubing bundles for a wide variety of applications. We are thrilled about the technical expertise, energy and a client-centric point of view they bring to the market,” said Tyler Imbrey, US/Canada-West Business Development Manager at AMETEK.
